FYI. The "DEQ-ODFW Notes..." document is not for public distribution, but rather back pocket notes for Dave Jepsen and I.

Subject: Answers to OFIC/forest industry questions

Hi all. I have updated the documents put together for the May 14th with new information about biology (thanks, Dave!), thermal fluxes and loads (thanks, Ryan!), and so on. Disturbance info has been updated to address riparian specifically in addition to the general information.

Thanks,

Josh
